## **NEW WEST END VENTURE FOR LEON FOUNDER**

**JULY 2010**

Selsian has recently acquired an A1 unit on Great Marlborough Street just off Carnaby Street for John Vincent, one of the founders of the healthy fast food chain Leon. The new concept called Flat Planet offers wheat-free spelt flatbreads with a variety of toppings available for both take away and eat in. The 'flats' are based on an old English recipe.

Selsian acting on Vincent's behalf agreed a new 10 year lease from landlord Shaftesbury Estate for the 1000 sq ft unit which opened in November 2010 and trades over the ground and basement levels.
